• Code responsive websites and mobile apps

• Implement optimization, usability, latest techniques and best practices

Freelance Web Developer

Upwork

Aug 2012 - Feb 2016 (3 years 7 months)

Member Since 2012

I'm a freelancer for many companies and business owner's from different countries like Canada, Australia, United States, Singapore, UK, Italy and etc. I did full time and part time jobs since 2012 and communicated using skype and email. I got a lot of experiences here working with different races from co-designers, developers to project managers and higher management levels.

I do many things from web design, web development for CMS and blogs using WordPress, PHP, graphics editing, domain and hosting setup, configuration, web troubleshooting and code bug fixing, restoring hacked websites and implementing security, redesigning websites, converting psd to web, creating themes and implementing plugins and many more.

There are lot's of projects I've been into Upwork Inc. since its former name Odesk.com
